Catering Rider

DRINKS & LIQUIDS

- a reasonable amount of GOOD local beer
- alcohol free beer (we're getting older...)
- No hard stuff required but we enjoy to taste your certainly extremely carefully selected collection of tasteful beverages at the bar
- mate, ginger beer or other hipster drink
- coffee (very! very! important!)
- tea
- water
- soft drink, coca cola, red bull

FOOD

- snacks for before and after the show
- dinner
- fruits
- haribo gummi bears and smarties

ALLERGIES & FOOD HABITS

- 1 x vegan AND fish allergic
- 2 meat eater

ACCOMODATIONS

We're very simple human beings. A room with enough space for our own camping mat and our sleeping bags is just fine for us.

Eventough we wouldn't say no to a couch or even a bed.

Also, if there is a shower available, we would be extremely happy!

We also need a parking place for our Car (VW California T6, Hight at least 2.10 m)

Merchandise

We have some CD's, Vinyl and T-Shirts. If there is a serviced and lighted merch booth, great! A lighted table and some hangers will do the trick as well.

Travel Party

Most of the time there are just the three of us, but it occasionally happens that our roadie/driver/manager/photographer also comes along and we're four.

Please note: It is never a problem if you cannot fulfill something from our rider. Just let us know.

Thank you for your efforts, we love you!
